## 2026 PROPERTY & CASUALTY COURSES

### ACCOUNTING & FINANCIAL REPORTING

Receive a thorough orientation to statutory and U.S. GAAP accounting concepts for P&C companies. Additionally, the class provides a survey of the statutory Annual Statement and U.S. GAAP financial statements with a brief introduction to risk-based capital for P&C companies.

TUITION: \$2,350

LEVEL: Basic

CPE: 20 hours in Accounting

---

### ANNUAL STATEMENT

Learn how to prepare the P&C Annual Statement. We will also cover the fundamentals of the P&C industry and the relevant statutory accounting concepts. Virtually every page, exhibit, and schedule will be addressed. Class participation and discussion will focus on a completed P&C Annual Statement.

TUITION: \$2,750

LEVEL: Basic

CPE: 28 hours in Accounting

**Tuition includes one year of web access to the *P&C Annual Statement Handbook*, a \$900 value.**

---

### ANNUAL STATEMENT - CONDENSED

Learn how to prepare the P&C Annual Statement. This comprehensive course covers the fundamentals of the P&C industry and the relevant statutory accounting concepts. Accounting and reporting is addressed for premiums, expenses, losses, LAE, and reinsurance. A detailed discussion of Schedule P is also provided. Note that this class does not include a discussion of invested asset accounting or reporting. For those interested in the investment topic, consider our separate *P&C and Health Investment Accounting and Reporting* class.

TUITION: \$2,550

LEVEL: Basic

CPE: 24 hours in Accounting

**Tuition includes one year of web access to the *P&C Annual Statement Handbook*, a \$900 value.**

---

### ENHANCED OVERVIEW OF STATUTORY FINANCIAL REPORTING

Learn about P&C insurance and key accounting concepts used in the industry. You will also learn about industry lines of business and terminology, contents of the NAIC Annual Statement, and the accounting for premiums, losses, expenses, and reinsurance. This class is differentiated from the Overview class (below) with enhanced discussions of all topics plus an added discussion about reinsurance.

TUITION: \$1,820

LEVEL: Basic

CPE: 12 hours in Accounting

**\*Bundle this seminar with the Boston *Update* course and save \$300 off your total tuition.**

### FEDERAL INCOME TAX ACCOUNTING & REPORTING

Review the GAAP and statutory guidance related to federal income tax accounting and learn how to prepare the tax provisions and disclosures for insurance company reporting. This will include a walk-through of the current and deferred tax workpapers as well as the statutory admissibility test calculations to ensure understanding.

TUITION: \$1,685

LEVEL: Intermediate

CPE: 8 hours in Accounting

**\*Bundle this seminar with *Federal Income Taxation For Nonlife Companies* and save \$750 of your total tuition.**

---

### FEDERAL INCOME TAXATION FOR NONLIFE INSURANCE COMPANIES

Review the nature and structure of nonlife federal income taxation and apply the specialized insurance knowledge necessary to complete or review Form 1120-PC. You will complete class exercises to provide hands-on preparation of various tax return components.

TUITION: \$2,150

LEVEL: Intermediate

CPE: 16 hours in Taxes

**\*Bundle this seminar with *Federal Income Taxation For Nonlife Companies* and save \$750 of your total tuition.**

---

### FINANCIAL ANALYSIS

Learn how statutory Annual Statement information can be used to evaluate the financial condition and operating performance of a P&C insurance company. Significant ratios and other analytical tools commonly employed by analysts, rating agencies, and regulators will be illustrated and discussed using a case study company. Participants will be able to analyze selected ratio results for their companies during the seminar. The textbook contains illustrations of all ratios and tools used in the course and significant industry data and statistics that may be utilized in evaluating a P&C insurer.

TUITION: \$1,970

LEVEL: Intermediate

CPE: 15 hours in Accounting

**\*Bundle this seminar with the Boston *Update* course and save \$300 off your total tuition.**

---

### FINANCIAL PLANNING & ANALYSIS FOR P&C COMPANIES

This course introduces, defines, and discusses the financial planning and forecasting process. Participants will review a generic financial planning and forecasting model and learn basic concepts of planning and forecasting premiums, losses, and expenses based on an understanding of each key driver. A template of the model will be provided.

TUITION: \$1,820

LEVEL: Intermediate

CPE: 12 hours in Accounting

**INVESTMENT ACCOUNTING & REPORTING**

Acquire an understanding of investment accounting and financial reporting requirements for P&C and Health insurance companies. The primary focus will be on the statutory reporting environment, but GAAP guidance for investments will be addressed. Emphasis will be given to recent accounting and reporting changes.

TUITION: \$1,820

LEVEL: Intermediate

CPE: 12 hours in Accounting

---

**LOSS RESERVE ANALYSIS FOR NON-ACTUARIES**

Develop an understanding of the techniques used in estimating ultimate loss costs and in evaluating reserve adequacy. Also, hear a casualty actuary discuss methods used in determining and evaluating reserves from an actuarial perspective. Examples and case studies will be used.

TUITION: \$1,820

LEVEL: Intermediate

CPE: 12 hours in Accounting

**\*Bundle this seminar with *Schedule P Preparation* and save \$600 of your total tuition.**

---

**OVERVIEW OF STATUTORY FINANCIAL REPORTING**

Learn about P&C insurance and key accounting concepts used in the industry. You will also learn about industry lines of business and terminology, contents of the NAIC Annual Statement, and the accounting for premiums, losses, and expenses. This seminar will conclude with a review of the statutory balance sheet and income statement.

TUITION: \$1,620

LEVEL: Basic

CPE: 8 hours in Accounting

**\*Bundle this seminar with other eligible course and save \$600 off your total tuition.**

---

**P&C RISK-BASED CAPITAL**

Gain a perspective of the NAIC P&C Risk-Based Capital calculation. We will discuss the various categories of RBC risks, calculations of the authorized control level RBC and total adjusted capital, and other miscellaneous RBC analysis.

TUITION: \$665

LEVEL: Intermediate

CPE: 4 hours in Accounting

---

**REINSURANCE 1: THE FUNDAMENTALS (WEB VERSION)**

This class is a shortened version of P&C Reinsurance 1: The Fundamentals. The same topics will be covered but the comprehensive examples will be delivered as a handout, rather than discussed.

TUITION: \$1,620

LEVEL: Basic

CPE: 8 hours in Accounting

**\*Bundle this seminar with *Reinsurance 2: Beyond the Fundamentals* and save \$600 off your total tuition.**

---

### REINSURANCE 1: THE FUNDAMENTALS (LIVE VERSION)

Learn the five functions of P&C reinsurance and examine the five traditional forms of P&C reinsurance: Quota Share, Surplus Share, Excess of Loss, Catastrophe, and Stop Loss. We will address their characteristics, functions, advantages, and disadvantages. The financial impact of reinsurance is illustrated through case study examples that review reinsurance accounting. The course concludes with a review of the statutory reinsurance balance sheet accounts, their relationship to Schedule F - Parts 1 and 3, and a detailed look at the calculation of the provision for reinsurance.

TUITION: \$1,920

LEVEL: Basic

CPE: 14 hours in Accounting

**\*Bundle this seminar with *Reinsurance 2: Beyond the Fundamentals* and save \$600 off your total tuition.**

---

### REINSURANCE 2: BEYOND THE FUNDAMENTALS

Learn about the more complex reinsurance contract features and accounting issues. Included is a discussion of the interrelationships of multiple reinsurance agreements, a look at specific contract features, an examination of certain reinsurance contract provisions, overview of alternative reinsurance products, and a discussion of reinsurance accounting and reporting requirements.

TUITION: \$1,820

LEVEL: Intermediate

CPE: 12 hours in Accounting

**\*\*Bundle this seminar with *Reinsurance 1: The Fundamentals* and save \$600 off your total tuition.**

---

### SCHEDULE P PREPARATION

Acquire an understanding of the contents, uses, and analytical value of Schedule P of the Annual Statement and the techniques used to prepare each of its parts. This seminar is specifically targeted to those who will be preparing Schedule P and those who desire a comprehensive understanding of the relationships within Schedule P to facilitate review and provide a basis for analysis. Examples and extensive case studies will be used.

TUITION: \$1,820

LEVEL: Basic

CPE: 12 hours in Accounting

**\*Bundle this course with *Loss Reserve Analysis for Non-Actuaries* and save \$600 off your total tuition.**

---

### STATUTORY ACCOUNTING PRINCIPLES

Broaden your existing knowledge of statutory accounting theory found in the NAIC Accounting Practices and Procedures Manual (AP&P Manual). Note that this course is more of a discussion of statutory accounting theory rather than application. For application considerations, consider other courses such as *Annual Statement*.

Tuition: \$1,920

LEVEL: Intermediate

CPE: 14 hours in Accounting

**\*See website for more details on class bundles.**

## 2026 LIFE COURSES

### ACCOUNTING & FINANCIAL REPORTING

Receive a thorough orientation to life insurance fundamentals and the framework of both statutory and U.S. GAAP accounting for life insurance companies. More experienced participants will receive a concise refresher on these concepts. You will gain a comprehensive understanding of statutory and U.S. GAAP accounting in the areas of product accounting and investment accounting. The course also provides an overview of risk-based capital, federal income taxation of life insurance companies, reinsurance, policyholder reserve concepts, deferred acquisition cost and separate accounts. The class will center on a comprehensive textbook and a completed life/fraternal insurance company annual statement (Blue Book) in PDF format.

Tuition: \$2,350

LEVEL: Basic

CPE: 20 hours in Accounting

---

### ACTUARIAL CONCEPTS FOR NON-ACTUARIES

Gain a perspective of the actuarial impact on U.S. GAAP and statutory financial statements. Our course materials emphasize obtaining simple, conceptual knowledge of actuarial concepts rather than detailed calculations.

Tuition: \$1,820

LEVEL: Intermediate

CPE: 12 hours in Accounting

---

### ANNUAL STATEMENT

Gain a comprehensive understanding of life insurance fundamentals, lines of business, statutory accounting concepts, and the purposes and contents of the Life and Accident & Health Annual Statement (Blue Book). We address most pages, exhibits, and schedules in the Blue Book. The class will center on a completed life insurance company annual statement in PDF format.

Tuition: \$2,350

LEVEL: Basic

CPE: 20 hours in Accounting

**Tuition includes one year of web access to the *Life Annual Statement Handbook*, a \$900 value.**

---

### FEDERAL INCOME TAX ACCOUNTING & REPORTING

Review the GAAP and statutory guidance related to federal income tax accounting and learn how to prepare the tax provisions and disclosures for insurance company reporting. This will include a walk-through of the current and deferred tax workpapers as well as the statutory admissibility test calculations to ensure understanding.

TUITION: \$1,685

LEVEL: Intermediate

CPE: 8 hours in Accounting

**\*Bundle this course with *Federal Income Taxation For Life Companies* and save \$750 off your total tuition.**

---

**FEDERAL INCOME TAXATION FOR LIFE INSURANCE COMPANIES**

Review the nature and structure of life federal income taxation and apply the specialized insurance knowledge necessary to complete or review Form 1120-L. You will complete class exercises to provide hands-on preparation of various tax return components.

TUITION: \$1,950

LEVEL: Intermediate

CPE: 12 hours in Taxes

**\*Bundle this course with *Federal Income Tax Accounting and Reporting* and save \$750 off your total tuition.**

---

**INVESTMENT ACCOUNTING & REPORTING**

Acquire an understanding of investment accounting and financial reporting requirements for Life insurance companies. The primary focus will be on the statutory reporting environment, but GAAP guidance for investments also will be addressed. Unique life insurance investment topics such as Asset Valuation Reserve and Interest Maintenance Reserve will be covered. This course begins with the more fundamental investment concepts to help you build a strong foundation for understanding the more complex topics addressed as the course progresses.

Tuition: \$1,820

LEVEL: Intermediate

CPE: 12 hours in Accounting

**LIFE RISK-BASED CAPITAL**

Gain a perspective of the NAIC Life Risk-Based Capital calculation. We will discuss the various categories of RBC risks, calculations of the authorized control level RBC and total adjusted capital, and other miscellaneous RBC analyses. Included are the AM Best BCAR model and other rating agency analyses. A brief introduction to the Group Capital Calculation process will also be presented. The latest regulations will be reflected in the course presentation.

TUITION: \$1,620

LEVEL: Intermediate

CPE: 8 hours in Accounting

**OVERVIEW OF STATUTORY FINANCIAL REPORTING**

This course introduces the NAIC Annual Statement and key statutory accounting concepts applicable to the life insurance industry. Course materials specifically explore the financial data interrelationships between the statutory balance sheet, operating statements, cash flow statements and various exhibits. The class will center on a comprehensive textbook and a completed life insurance company annual statement (Blue Book) in PDF format.

Tuition: \$1,820

LEVEL: Basic

CPE: 12 hours in Accounting

**\*Bundle this seminar with the Boston *Update* course and save \$300 off your total tuition.**

---

### SEPARATE ACCOUNTS

This course identifies the types of products employing Separate Accounts, the types of Separate Accounts, and the interrelationships between the “Green Book” (your company’s Separate Accounts Annual Statement) and the “Blue Book” (your company’s Annual Statement). This course also reviews the statutory accounting and reporting for Separate Accounts.

Tuition: \$1,620

LEVEL: Basic

CPE: 8 hours in Accounting

---

### STATUTORY ACCOUNTING PRINCIPLES

Broaden your existing knowledge of statutory accounting theory found in the NAIC Accounting Practices and Procedures Manual (AP&P Manual). Note that this course is more of a discussion of statutory accounting theory rather than application. For application considerations, consider other courses such as *Annual Statement*.

Tuition: \$1,820

LEVEL: Intermediate

CPE: 12 hours in Accounting

**\*See website for more details on class bundles.**

## **ANNUAL INSURANCE REGULATORY SUMMIT**

The Insurance Regulatory Summit is an annual opportunity for users of the Sovos Statutory Reporting software product to interact with our technical experts. Product sessions presented throughout the day offer participants the opportunity to both hear from the developers and contribute feedback in an effort to further enhance subsequent versions of the product. The Summit includes:

Expertise on insurance-specific accounting and financial reporting software

- Networking breakfast with industry peers
- Interaction with technical experts
- The chance to earn CPE credits

This year's event begins with product sessions on Tuesday, September 22. Join us Wednesday morning for a Client Networking Breakfast to engage with your peers on product usage and gain access to product demonstrations. Following breakfast on Wednesday, attendees will participate in our annual Accounting and Reporting Update.

Pricing for the 2-day event will be all-inclusive, offering participants up to 15 hours of CPE credit. A la carte options are also available. An agenda and more details are coming in Spring 2026. See website for more details.

## CUSTOMIZED SEMINARS

### CONTINUING EDUCATION AT YOUR CONVENIENCE

Have a group that would benefit from training? Consider a customized seminar!

You can select from any of our off-the-shelf courses or mix and match a variety of topics to tailor an agenda to your team's needs. Whether live or webinar, we work with your schedule and use your company financials for illustration.

Curious? Email [StatEducationServices@Sovos.com](mailto:StatEducationServices@Sovos.com) for more information.

### COURSES AVAILABLE UPON REQUEST

Interested in other content for your private seminar beyond those listed in our public schedule? Unable to find a course that exactly meets your needs? We have a library of topics which are available upon special request that include:

Key Differences in Statutory vs GAAP Accounting

Affiliates and/or Related Parties

Transitioning from Blue Book to Orange Book

P&C Financial Reporting for Non-Financial Managers

Selected Topics of Interest to Insurers

## SPOTLIGHT ON EDUCATION

### ANNUAL STATEMENT HANDBOOKS

Our Handbooks are the most comprehensive manuals in the insurance industry for Annual Statement preparation, accounting guidance and statutory accounting theory. Using the Handbook as a go-to resource will save you and your staff valuable time and help you stay current with the latest NAIC changes.

Our in-house experts update the Handbooks periodically throughout the year for significant guidance changes. Digital and print versions are available for Life, Property & Casualty or Health.

### ON-DEMAND SELF-STUDY COURSES

Simplify your training program by providing our on demand self-study courses to your staff. Courses are available for Property and Casualty, Life, Health, and general insurance accounting and reporting topics.

With a self-study, you set up a personal learning account that tracks your courses and CPE. Before launching the course, you can download slides and other attachments. While in the course, you also stop and return to the same section you left off, get immediate feedback on review questions, and receive your grade instantly after completing the final exam. After passing the final exam, you will be able to download a printable CPE certificate within minutes. Plus, your CPE certificates can be reprinted at any time.

With subscriptions you purchase a bulk amount of tokens to be provided to others within your organization. One token may be redeemed for one on-demand self-study class of your choice, regardless of CPE length. Tokens expire 365 after purchase and there is no automatic renewal, but purchasing additional tokens is as easy as selection from the tiered options available on our website.

Assign your own administrator to manage your corporate subscription. Your administrator manages employee access to your bank of tokens which are then used to register for any of our self-study courses. Administrators can always see which employees have access to tokens, how many tokens are remaining in their package, and can easily add or remove learners or other administrators at any time.

Self-study courses are available in a single purchase format or can be incorporated into a company subscription plan. Pricing is based on the number of course enrollments, or we may be able to develop an unlimited plan for you. Contact us to find out more.

## **SHORT COURSES**

Short on time but in need of CPE credits? Check out our CPE Select series of shorter one-to-two hour webinars. Sample topics covered include:

Intercompany Pooling  
Insurance Expense Exhibit  
Cash Flow For Life Insurance Companies  
Schedule F Refresher  
Overview of AVR & IMR  
Statutory Reporting of Related Parties and Affiliates  
Deferred Acquisition Costs and Premium Deficiency Reserves  
SSAP 101 Overview

See website for a full list of available short courses.

## OTHER RELEVANT INFORMATION

### CPE Information

We are approved by NASBA as a sponsor of Group Live, Group Internet-Based, and QAS Self-Study methods of instructional delivery - Sponsor License #103016.

Certificates for Continuing Professional Education (CPE) will be issued to course participants claiming credit. The estimated CPE hours for each course are displayed in the course description. Certificate credit hours will be based on actual hours of attendance or completion of course. A CPE credit hour is based on fifty minutes of instruction.

Sovos is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: [www.nasbaregistry.org](http://www.nasbaregistry.org)

### State Boards of Accountancy CPE Credit

We are recognized as sponsors of CPE programs with the state boards of:

- **California** — Per the California Board of Accountancy Regulations, our courses follow the provider requirements for continuing education as outlined in sections 88.1 and 88.2.
- **Texas (Sponsor License #00503)** — We are registered with the Texas State Board of Public Accountancy as a CPE sponsor. This registration does not constitute an endorsement by the board as to the quality of our CPE program

## Cancellation and Refund Policy

1. If we cancel, you may switch to another date, switch to another webinar, or receive a full refund.
2. If you cancel any course without providing at least 2 business days advance notice, no refund is provided and your registration fee is forfeited.
3. If you cancel a course of less than 4 CPE hours with the requisite advance notice,
  - a) You may choose to substitute another attendee into the class; or,
  - b) You may request that a full credit be held on file for your future use. You have 6 months from the first day of the canceled class to use the credit before it is forfeited.
4. If you cancel a course that is 4 or more CPE hours with the requisite advance notice,
  - a) You may choose to substitute another attendee into the class;
  - a) You may request that a full credit be held on file for your future use. You have 12 months from the first day of the canceled class to use the credit before it is forfeited.
  - b) You may request a refund of your course fee net of a \$300 administrative charge. Net refunds are returned as follows:
    - i. Orders originally paid via credit card will receive a refund back to the same card.
    - ii. Orders originally paid by check, wire transfer or ACH will receive a refund only by wire transfer or ACH back to the same account.
5. Original cancellation requests are honored as per the choices not above. Subsequent changes are generally not permitted (e.g., you cannot request a credit and then subsequently request a refund, etc.). Special circumstances may be considered on a one-off basis.
6. If you cancel an order for printed course materials (available for live seminars only):
  - a) For course materials that have already been submitted to our print vendor for processing, no refund will be provided.
  - b) For course materials that have not been submitted to our print vendor for processing, a full refund will be provided.
7. No refunds will be issued for self-studies. You have one year from the date of purchase to complete the course.
8. All refund and cancellation requests must be initiated before the scheduled class has taken place and no later than 180 days from purchase.

**ANNUAL STATEMENT WEBINARS**

These courses include web access to a Handbook. If you accessed the Handbook prior to the class and subsequently cancel your attendance in the course, we will deduct \$900 from your refundable or creditable tuition balance to cover the cost of the handbook license. This fee not include the \$300 administrative charge (plus any promotional discounts that may have been applied) that will also be assessed in the event cancellation is at the discretion of the registrant. Alternatively, another attendee may be substituted in place of the initial registrant as long as we are notified at least 2 business days before the class. Contact us to apply the remaining balance to any subsequent seminar within 12 months from the first day of the canceled class.
